

Dear Neighbor:

3rd Track Constructors (3TC) is making significant progress on the LIRR Expansion Project from Floral Park to Hicksville. Here in the Village of New Hyde Park, work on the LIRR G14 Substation is progressing. The G14 Substation is one of several substations along the Main Line being replaced or modified with new modern equipment.

The prefabricated substation building and its corresponding transformers will be delivered and installed from Wednesday, April 14 through Friday, April 16, 2021. Prior to the delivery, we want to give you as much information as possible as to what kind of activity to expect in the area.

1. **On Wednesday, April 14**, the substation transformers will be delivered to New Hyde Park between the hours of 8:00pm and midnight.
 - Two (2) trucks will be needed for delivering the transformers
 - Crews will stage trucks along 3rd Avenue
 - A crane will be set up on 3rd Avenue to facilitate the installation of the structures
 - All parking along 3rd Avenue will be restricted between Covert Avenue and South 12th Street beginning at 8:00pm

2. **On Thursday, April 15**, beginning at 6:00am the transformer pieces will be unloaded and installed at the G14 site on the corner of 3rd Avenue and South 9th Street.
 - Access to 3rd Avenue will be limited to local traffic only for the duration of this activity
 - Parking along 3rd Avenue will be restricted between Covert Avenue and South 12th Street during this time

Between the hours of 8:00pm and midnight, the prefabricated substation building will be delivered

- Five (5) trucks will be needed for delivering the prefabricated structure
 - Crews will stage trucks along 3rd Avenue
 - Parking along 3rd Avenue will be restricted between Covert Avenue and South 12th Street during this time
3. **On Friday, April 16**, beginning at 6:00am, the prefabricated substation pieces will be unloaded and installed at the G14 site on the corner of 3rd Avenue and South 9th Street. This activity is expected to last until approximately 3:00pm on Friday, April 16.
 - As a result, 3rd Avenue between Covert Avenue and South 12th Street will be closed

- Access to 3rd Avenue will be limited to local traffic only for the duration of this activity
- All parking along 3rd Avenue will be restricted Covert Avenue and South 12th Street during this time

Following the delivery of the substation building, crews from EJ Electric will continue working in the area performing the necessary electrical work through the summer. Those activities will include the installation of above ground utility poles within the footprint of the property.

Site acceptance testing and commissioning will take place for approximately 6 months following delivery of the substation building.

We recognize that these activities may be disruptive to you and your neighbors. The goal is to complete the work in as short a time frame as possible while maintaining safe and reliable operations. As always, please visit our website at www.LIRRExpansion.com for more information about the project. If you have an immediate question about the work in your community, please email us at communityoutreach@LIRRExpansion.com or call the project's **24-hour Hotline** at **516.203.4955**.

We would like to make sure that we are reaching you in the most convenient manner possible. If you would prefer to receive these notices by other means (email, text, phone call etc.), please contact your community ambassador Judy White at 516.203.4955.

Respectfully,
Your New Hyde Park Community Ambassador

Judy White

Example: Prefabricated substation building (New Cassel, NY)
