

The 2019 New Hyde Park Community Day was a big success, an enjoyable event, and a great day for New Hyde Park.

Thank you for supporting our  
Community Day!!!

The Village of New Hyde Park Street Fair wasn't held in 2019 due to construction associated with the LIRR Third Track Project. In its place, the Village hosted the 2019 Community Day, sponsored by Northwell Health, on Saturday, September 14th from 11:00 am – 4:00 pm at Memorial Park. The community event featured the Northwell Health and Wellness pavilion, Village and Chamber merchants, food and beverage, live music, free inflatable rides for children, and performances by our local theatre group, and the Chenda Mela Drum Beating. There was shopping, raffles, and displays. It was a fun day for the whole family!!!
