Section 2 - Contact Information

Important Instructions - Please Read

Contact information must be provided for <u>each</u> of the following positions as indicated below:

- 1. Principal Executive Officer, Chief Elected Official or other qualified individual (per GP-0-08-002 Part VI.J).
- 2. Duly Authorized Representative (Information for this contact must only be submitted if a Duly Authorized Representative is signing this form)
- 3. The Local Stormwater Public Contact (required per GP-0-08-002 Part VII.A.2.c & Part VIII.A.2.c).
- 4. The Stormwater Management Program (SWMP) Coordinator (Individual responsible for coordination/implementation of SWMP).
- 5. Report Preparer (Consultants may provide company name in the space provided).

A separate sheet must be submitted for each position listed above unless more than one position is filled by the same individual. If one individual fills multiple roles, provide the contact information once and check all positions that apply to that individual.

If a new Duly Authorized Representative is signing this report, their contact information must be provided and a signature authorization form, signed by the Principal Executive Officer or Chief Elected Official must be attached.

For each contact, select all that apply:

- Principal Executive Officer/Chief Elected Official
- O Duly Authorized Representative
- O Local Stormwater Public Contact
- O Stormwater Management Program (SWMP) Coordinator
- O Report Preparer

Section 4 - Certification Statement

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

This form must be signed by either a principal executive officer or ranking elected official, or duly authorized representative of that person as described in GP-0-08-002 Part VI.J.

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village Public Education and Outreach program will be tailored to describe topics related to the impacts of Stormwater discharges on local water bodies, pollutants of concern and their sources, and the steps that can be taken to reduce pollutants in stormwater runoff and non-stormwater discharges.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village has chosen to evaluate the number of direct mailings related to stormwater and/or pollution prevention as an indicator for measuring the overall effectiveness of the Village's compliance with the Public Education and Outreach program requirements. There were four direct mailings related to stormwater and pollution prevention in the Village Newsletter and Sanitation Calendar during this reporting period.

C.	How	many	times	was	this	observ	vation	measured	or	evalu	ıatec	lin	this	repor	ting	perio	d?
----	-----	------	-------	-----	------	--------	--------	----------	----	-------	-------	-----	------	-------	------	-------	----

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?

● Yes ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

● Yes ○ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village plans to continue evaluating the number of direct mailings related to stormwater and/or pollution prevention as an indicator for measuring the overall effectiveness of the Village's compliance with the Public Education and Outreach program requirements in the next reporting cycle. The Village will conduct direct mailings related to stormwater and/or pollution prevention periodically throughout the next reporting cycle.

This report is being submitted for the reporting period ending March 9, $\begin{vmatrix} 2 & 0 \end{vmatrix} \begin{vmatrix} 2 & 1 \end{vmatrix}$

7. Evaluating Progress Toward Measurable Goals MCM 2

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village Public Involvement and Participation program will incorporate stewardship activities that help to reduce pollutants of concern and encourage the general public, residents and businesses to become involved in stormwater management and environmental stewardship events.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village has chosen to evaluate the number of cleanup events held within the Village as an indicator for measuring the overall effectiveness of the Village's compliance with the Public Involvement and Participation program requirements. There were no cleanup events held in this reporting cycle due to the impact of Covid-19.

C. I	How many	times wa	as this	observation	measured or	evaluated i	n this	reporting	period?
------	----------	----------	---------	-------------	-------------	-------------	--------	-----------	---------

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

17	\sim	N T
Yes	-	No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village plans to continue evaluating the number of cleanup events held within the Village as an indicator for measuring the overall effectiveness of the Village's compliance with the Public Involvement and Participation program requirements in the next reporting cycle. The Village will host and/or promote cleanup events related to stormwater management and environmental stewardship periodically throughout the year.

12. Evaluating Progress Toward Measurable Goals MCM 3

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village Illicit Discharge Detection and Elimination program will focus on identifying, locating, eliminating, reducing and preventing illicit discharges to the Village municipal separate storm sewer system to the maximum extent practicable.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village has chosen to evaluate the number of illicit discharges detected as an indicator for measuring the overall effectiveness of the Village's compliance with the Illicit Discharge Detection and Elimination program requirements. There were no illicit discharges detected in this reporting cycle.

C. How many times was this observation measured or evaluated in this reporting period?

					1	
(ex.:	samp	les/	part	tici	pant	s/events

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes	O No
-----	------

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes	\bigcirc No
-----------------------	---------------

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will continue to follow the procedures for IDDE described in the Village of New Hyde Park Written Procedures for MCM 3: IDDE and the CWP/USEPA Illicit Discharge Detection and Elimination: A Guidance Manual for Program Development and Technical Assessment. Illicit discharges will be investigated and eliminated according to the authority provided by the Village Illicit Discharge Local Law on a case by case basis.

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village Construction Site Stormwater Runoff Control program will provide equivalent protection to the NYSDEC SPDES General Permit for Stormwater Discharges from Construction Activity. This includes reviewing SWPPPs submitted to the Village for projects disturbing an acre or greater of land.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The threshold for a SPDES General Permit for Stormwater Discharges from Construction Activity is rarely met within the Village because almost the entire Village is developed. The Village will review SWPPs as they are submitted and plans to evaluate the percent of SWPPs reviewed as an indicator for measuring the overall effectiveness of the Village's compliance with the Construction Site Stormwater Runoff Control program requirements.

C. I	How many	times wa	as this	observation	measured or	evaluated i	n this	reporting	period?

D. Has your MS4 made progress toward this measurable goal during this reporting period?

■ Voc	No	

(ex.

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes	\bigcirc No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village plans to continue evaluating the percent of SWPPPs reviewed as an indicator for measuring the overall effectiveness of the Village's compliance with the Construction Site Stormwater Runoff Control program requirements in the next reporting cycle. The Village will review SWPPPs as they are submitted for comment and approval. The Village will continue to follow the Village's Written Procedures for MCM 4: Construction Site Stormwater Runoff Control.

6. Evaluating Progress Toward Measurable Goals MCM 5

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village Post-Construction Stormwater Management program will address stormwater runoff from regulated (i.e., projects with land disturbances of an acre or greater) new development and redevelopment projects to the Village's municipal separate storm sewer system.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village has three dry wells in the BMP inventory. The threshold for a SPDES General Permit for Stormwater Discharges from Construction Activity is rarely met within the Village. The Village will add to the inventory if applicable BMPs are constructed and plans to evaluate the total BMPs inventoried as an indicator for measuring the overall effectiveness of the Village's compliance with the Post-Construction Stormwater Management program requirements.

C. How many times was this observation measured or evaluated in this reporting period?

Vο
١

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village plans to continue evaluating the number of BMPs inventoried as an indicator for measuring the overall effectiveness of the Village's compliance with the Post-Construction Stormwater Management program requirements in the next reporting cycle. The Village will continue following the Village of New Hyde Park Written Procedures for MCM 5: Post-Construction Stormwater Management.

This report is being submitted for the reporting period ending March 9, 2 0

Minimum Control Measure 6. Stormwater Management for Municipal Operations

The information in this section is being reported (check one):
 On behalf of an individual MS4 On behalf of a coalition How many MS4s contributed to this report?

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.

7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village Pollution Prevention and Good Housekeeping for Municipal Operations program will address operations that collect, store, or release sediments, wastes, or other potential pollutants.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village has chosen to evaluate the number of catch basins inspected and cleaned annually as an indicator for measuring the overall effectiveness of the Village's compliance with the Pollution Prevention and Good Housekeeping for Municipal Operations program requirements. 25 miles of parking lots and 1,900 miles of streets were swept during this reporting period.

C. How many times was this observation measured or evaluated in this reporting period?

					1	
(ex.:	samp	les/	part	ici	pant	s/events

D. Has your MS4 made progress toward this measurable goal during this reporting period?

O 1		
	Yes	\bigcirc No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes	\bigcirc No
-----	---------------

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village plans to continue the ongoing catch basin inspection and cleaning program and schedule in the next reporting cycle. The Village will continue to follow the best management practices outlined in the Village of New Hyde Park Best Management Practices for Municipal Facilities and Operations guidance document and the NYSDEC Municipal Pollution Prevention and Good Housekeeping Assistance Document as necessary.
