

Dear Neighbor:

3<sup>rd</sup> Track Constructors (3TC) is making significant progress on the LIRR Expansion Project from Floral Park to Hicksville. Here in the Village of New Hyde Park, work on the LIRR G14 Substation is progressing. The G14 Substation is one of several substations along the Main Line being replaced or modified with new modern equipment.

Crews from 3TC and EJ Electric are continuing to work on the necessary electrical utilities that feed the G14 Substation. We want to give you as much information as possible as to what kind of activity to expect in the area.

**Beginning the week of August 2**, crews will be setting electrical equipment at the substation.

- This activity will require the closure of South 9<sup>th</sup> Street, for the staging of a crane in front of the G14 Substation, between 7am-4pm, for approximately five to seven days
- Access to 3<sup>rd</sup> Avenue from South 9<sup>th</sup> Street will be restricted during this activity
- Driveways along South 9<sup>th</sup> Street will remain accessible throughout this activity

Site acceptance testing and commissioning of the G14 Substation is set to take place until Fall 2021.

A better commute • Less congestion • Cleaner Air • Safer, quieter crossings  
Station improvements & parking • Better jobs • Stronger economy • Noise reduction

We recognize that these activities may be disruptive to you and your neighbors. The goal is to complete the work in as short a time frame as possible while maintaining safe and reliable operations. As always, please visit our website at [www.LIRRExpansion.com](http://www.LIRRExpansion.com) for more information about the project. If you have an immediate question about the work in your community, please email us at [communityoutreach@LIRRExpansion.com](mailto:communityoutreach@LIRRExpansion.com) or call the project's **24-hour Hotline** at **516.203.4955**.

Respectfully,  
Your New Hyde Park Community Ambassador

**Judy White**
